

Testimonials

We found a modern rug and in the right size, perfect. There was a great selection, in future we will be buying online from MRC as we trust the quality is always spot on. Thanks for the 1st class service.

Marlborough Rug Company found us a gorgeous Afghan Zeigler in rich creams and gold for our Drawing Room. It looks fabulous alongside our antique furniture. Great value and top quality.

We had two rugs cleaned and repaired and the results were fantastic. One rug had faded over many years in our conservatory and even the colours have come back to life with a renewed brightness, not to mention the neatly repaired fringes and re-woven corner. We were so delighted with the service we have since bought more rugs, a lamp and cushions from Marlborough Rug Company.

Marlborough Rug Company cleaned and re-fringed my runner that had been in the family for years and had huge sentimental value. I was slightly cautious as it was old and a bit fragile but I wanted to revive it and use it at home. I was over the moon with the results, two new fringes and beautifully cleaned with the colours greatly restored. I'll definitely be back in touch for rugs for our new house.

The 1st rate service we have received from Marlborough Rug Company has kept us coming back. We have had a number of precious rugs cleaned and repaired and we trust the results every time to be excellent, and they are. We have also bought a number of new rugs, the choice and quality was fantastic. We bought and tried the rugs at home in situ; they would have taken them back but no need they were perfect. Not many offer such a trustworthy service like that these days!

Mr & Mrs B, Marlborough

We contacted Marlborough Rug Company via their website and corresponded by phone and email. We knew the style and size we wanted so were able to brief them on what to look for. MRC emailed us 3 or 4 choices, all exactly what we were looking for and at competitive prices. We choose one, the quality was excellent and it now looks great at home. We would recommend their attention to detail, contacts and sourcing skills.
